

Ganesan

Bose Research Institute
93/1, Acharya Prafulla Chandra Road,
Calcutta-9, India.

December 12, 1961

Dr. J. Lederberg,
Chairman, Department of Microbiology,
Stanford University, Palo Alto,
California, USA.

Dear Dr. Lederberg,

✓ We are just back home after a trip through Europe. I have learnt through some reliable sources that Prof. J. B. S. Haldane will soon start an Institute of Genetics either at Calcutta or at Delhi. I think, this type of Institute will be most suitable for Mr. Ganesan. If you kindly write directly to Prof. Haldane (address below) about Mr. Ganesan, I am sure he will be offered a position in the Institute of Genetics.

I also requested Mr. Ganesan to apply to the Scientists' Pool. Would you kindly request him to come in touch with me in this connection.

Maharani joins with me in sending our best personal regards to Mrs. Lederberg and you.

Yours sincerely

Debi Burma

(D. P. Burma)

Prof. J. B. S. Haldane,
C/O. Journal of Genetics,
18/1, B. T. Road,
P. O. Belghoria, Dt. 24-Parganas,
West Bengal.
